

A TOTAL SUCCESS

WWPC's 28th World Convention in Pattaya, Thailand

16,284 One2One Meetings were successfully accomplished during three (3) full day sessions with all WWPC Members engaging together with lively spirits and professional dialog.

From the Welcome Reception kick-off, the WWPC Network's Signature Social Business Networking Events combined with our Professional Day Sessions ensured a full, complete program designed for maximum networking between our members!

The Thai Evening Extravaganza Theme Evening was an amazing delight that was complete with a gourmet dinner, open bar, exotic themed shows and entertainment, that continued under the stars with music, dancing, and an elaborate Fireworks Display. An event enjoyed by all!

An enjoyable networking mixer of a piano bar/karaoke was a resounding success and showcased some of the talents of our WWPC Members, and for our finale, the WWPC Farewell Fete was a wonderful way for the WWPC Members to mix together one last time at the close of the convention.

Three (3) Days, Four (4) Evenings, 60+ hours of Dedicated Networking Events, Continuous Professional Dialog, the WWPC Convention accomplished it's goal of creating a Convention dedicated to creating the partnerships that our members have come to enjoy and rely on.

The entire event was complete with the sights and sounds of warm laughter and smiles between all who attended.

WWPC Conventions, where business, partnerships, and friendships are created.....

Dear Team WWPC

There are conferences and then there are conferences.

Most organizers tries too hard to make the conference a success and most of the time these meetings are a disaster. As most of us are in the business to make money. Some organizers are there to "hit and run."

WWPC is here to stay and as it grows, members are growing with it. Hardly any effort is spared to make the meet a special one every time.

I have been to many conferences and NO ONE comes near to WWPC. And I'm not saying this to gain points. I have never done that and will never do that.

Over the years at WWPC, I have made many friends some that the we do business with some that will remain lifelong friends. However if and when the opportunity arises for sure these friends will be the first that I will think about. I have never been pressured to do business with anyone. It comes naturally.

I hope that I will have many more years with my favorite people:

- 1) Leslie (When I grow up I wanna be like you)
- 2) Jennifer (My Legal Eagle)
- 3) Michelle (My shoulder to cry on)
- 4) Ron (My Brother)

Like Debby Boone said "you light up my life"

Once again Thank you very much for a great conference.

God Bless

My Best Regards,
Prem Singh

This is my first conference in WWPC Network and it was really a wonderful event and a great platform where we could meet all our existing & new friends from across the globe. More than the business, I strongly believe and value building relations & friendship and WWPC Network is a fantastic forum to develop the same.

I thank you and your team for all the efforts and hard work put in to make this event a great success and also thanx a ton to the Management and the Team of WWPC NETWORK for all the assistance extended to me during the conference.

We have just returned from another very efficient WWPC convention in Pataya.

Again the setup was incredible and 15 minutes per meeting gives you plenty of opportunity to communicate the necessary and we were able to meet all the members we wanted to meet, and more!

Although we have been a member for many years, again we saw many new faces. WWPC keeps growing through their business model. It's one of a kind.

The social evening events are always well prepared and organized, it is a pleasure to meet all the different cultures in a different and relaxing environment where everything is taken care off from food and drinks to music, dance and laughter.

Our Member of the Year award 2015 is visible placed in our office, together with the other awards of WWPC we have received over the last years.

Well done again WWPC ladies and see you soon in Spain! Aiming for Table no.1 :-)

As you know .. this was the first WWPC conference that we attend and you- due the programs and how arranged all details- make us feel as we are member from the beginning of this network, like in a family.

This conference was different- much more interesting - compared to other conferences that we attended in the past and for all this is your (both of your Leslie/Jennifer) "fault" :))

Dear Leslie and the Team,

Thank you very much!

This was our first participation at WWPC Convention in Pattaya, and I have to tell you, it was the most successfull and fun of all meetings that we have ever participated.

You and the Team have organized this event professionally, and had the right balance between work and out-of-table conversations.

I have learned much of the members, and I am sure that we will have more business together.

I look forward to next convention :-)!

Pattaya Convetion was very effective and efficient.

Unlike other networks' conferences where a lot of attendees left on the last day, almost all the participants stayed until the last minute of Pattaya Convention. Even if the time was over, quite a few un-met agents came to us to discuss business. I strongly feel that all people were serious in business, not there for sightseeing. So I am confident that we can and will generate new business from Pattaya Convention.

I like the Ice Breaker time too. People chatted, sang and danced in casual dress. You would see another side of a person - a live and real person, not the one only with stiff business face.

The whole event was organized professionally. A detail: the stationery, meeting information and especially the reminding paper on the table were sweetly helpful.

We all look forward to the next conference.

Dear All,

The 2015 WWPC Network Convention held Oct. 11-15, in Pattaya, was a huge success. With high attendance and abundant networking opportunities, the WWPC event drew praise from attendees from all over the world of the logistic industry. Approximately 260 attendees participated in the event, making it one of the most popular conventions in its history.

The 2015 event was centered on the concept of The Power of Logistics cooperation: Shaping your company's Future, and attendees used it as a platform for making new business connections, continuing their professional development and advancing their careers.

I would say that the 2015 Pataya convention was one of the best-received events WWPC have ever conducted. We've heard overwhelmingly positive feedback on the quality of the event, the programming, the networking opportunities.

We're very thankful to all WWPC staff who helped to put the event together, and who were our hosts for this fantastic time in Pataya.

Again I would like to express my sincere gratitude to Leslie, Jennifer and the entire organizing committee for such a successful, cheerful, inspiring, unforgettable conference.
