

WWPCWorld Members arrived from all corners of the world to join together in Punta Cana, Dominican Republic for the 27th WWPC Convention.

Thousands of One on One Meetings were successfully held between the members with dynamic interchanges throughout the three (3) day sessions.

WWPC's Signature Social Business Networking Events opened with our Welcome Reception/Dinner, continued with both our Caribbean Beach Party and Colorful Festive Neon Extravaganza Fete, and lastly our Celebratory Farewell Gathering Reception.

Along the way, WWPC Members enjoyed our unique ice breaker sessions of Caribbean Rum & Chocolate Tasting and Gourmet Wine & Exotic Cheese Tasting events.

60+ Hours of Networking Events, professional business discussions, countless smiles, innumerable visions of camaraderie, the entire event was alive with the continuous sounds and sights of partnerships being created.

Our Networking, Paradise Style World Conventions provide a perfect balance of business & social networking for our members.

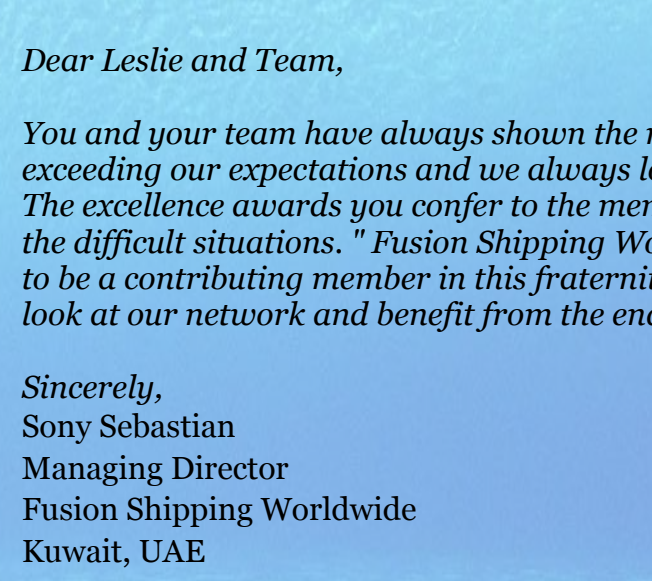

WWPC Conventions, where business, partnerships and friendships are created....

Punta Cana was a spur-of-the-moment, last minute decision for me but am glad I made the trip. The convention was a chance to reconnect with old friends and at the same time make new acquaintances. And the cherry on the cake? Networking, Paradise-Style in the Dominican Republic, one of the top 10 tourist destinations in the world!

As we at Intraline believe, if you want to go fast, you go it alone. But if you want to go far, you go together. A heartfelt thank to you our WWPC partners that make this possible.

Thanks,

Dear Leslie,

I am sure that you have read this sort of messages many times, but I wanted to say thanks to you and your team at WWPC, for another well organized meeting in a great destination.

After so many years of attendance, it is still great fun, full of positive networking and being able to share special moments with colleagues and friends. Also thanks to all members, old and new, that attend.

Please accept my best personal regards

Dear Leslie and fellow WWPC members:

This was our first WWPC conference and it was a wonderful experience to know all these great people, make new friends, contacts and, of course, have a lot of fun. We liked so much the informality of the event but also the seriousness. Thanks for everything and we hope to see you soon.

Dear Leslie and Team,

You and your team have always shown the real leadership stuff. The conventions and AGM you organize year after year have been exceeding our expectations and we always look forward to these family events to nurture the friendship and develop the business. The excellence awards you confer to the members are indeed an encouragement and an additional reason for us to perform even in the difficult situations. "Fusion Shipping Worldwide" has been benefiting tremendously from WWPC network and we look forward to be a contributing member in this fraternity for the years to come. I urge freight forwarders around the world to take a serious look at our network and benefit from the endless opportunities this network has to its members.

Sincerely,

"Networking in Paradise Style"... More than just a slogan this is the way we develop business within WWPC... and this year, once again, the April Convention gives us the opportunity not only to meet again fellow members but also to meet new people and start interesting discussions on how to develop mutual business... and this in an idyllic place. As one of the founding member, we at Deny Cargo strongly believe that WWPC offers to its members a professional and structured environment where business relations can be developed and can grow in close partnership between the members; We thank you all for the organization, the time spent in providing us with a well balanced mix between business and networking time and hope to see you soon in Thailand"

Over the last decade we have experienced many freight forwarding network conferences.

One of those networks, WWPC, has built on a slightly different formula: leave the bullshit out and really get people connected. All of this in a positive, relaxed, casual and motivating environment, resulting not only in establishing good business relationships but, more importantly, making friends.

WWPC always knows how to select the right setting, the right circumstances and how to set the right balance between investment and follow up.

Being part of the WWPC family boosts your network of quality partners and thus helps you to offer extended services towards your customers, and visa versa.

Dominican Republic was again a value adding conference, looking forward already to the next conference in Pattaya, Thailand!

Dear Leslie Crew & WWPC Network fellow members!!

The 2015 convention in Punta Cana did not disappoint. What a phenomenal convention!! My first convention was 2 years ago where I met everyone that runs and belongs to this wonderful group. Everyone made me feel very welcome. This year I met new people that had gone to many other previous meetings- but they were not in attendance 2 years ago. They made me feel like I had been going to these meetings for years and that they knew me forever. I was very at ease in the social settings as well as in the productive meetings!

Once I returned home I had a lot of follow-ups with the people with whom we discussed serious business and I have in turn followed up and given people new business opportunities. I am extremely proud to be a member of WWPC and I have new business chances because of this community. I look forward to many more meetings with this professional group.

I love the entertainment that is provided and the first class accommodations that are scouted out and handpicked by the WWPC team.

It truly is Networking paradise style!!

I would like to say how much I enjoy the conventions. Members of the group have become family in many ways. Although we are at all ends of the earth we come together with common goals. It is a rare camaraderie we have. The meetings were well received and worthwhile. I want to thank you for your involvement and organization skills. Certainly helped me a lot.

On a personal note I wanted to say how much I have enjoyed my friend Hubert Jasinski (Omegair Air in Poland) and his girlfriend. We went to the Japanese restaurant one evening for dinner and invited our waiter to enjoy the fun with us. And he did! Thank you Hubert for being who you are. And thank you for the M&Ms. I only wish the whole cabin on the aircraft were WWPC members. That would have been fun.

Dear Leslie,

This convention is the best ever I have attended in the last ten years. I really like the professional organization, the group of ppl I met for me, was not the location but the people (members) who were there. Such a bunch of friendly, great people. This was an opportunity for me to catch up with friends and make some new ones. Being my second conference, this one was as successful for my business as the first one. Great opportunity to increase business with new partners. And already the enquiries are flowing.

For this first conference, we just try to leave our impression to everyone. And very luckily, we have started to work with 3 members already! And keep talking about the cooperation opportunities with another few members. It feels great by working and playing together.

It is very important to us as we started to taking WWPC network as our priority one and would like to stay in the network for many many years.

Thank you very much. It's really nice to meet you and your team again. Hope see you soon.

I want to take this opportunity to thanks all participants and specially the WWPC organizers for such a proactive and dynamic Convention, in which one can learn from the other members of the WWPC and may also disclose your company so that throughout the year we can communicate and provide quality service when its necessary. I am grateful for the great reception of CHOICE CARGO during the different interviews in the convention, and we are confident that we will strengthen business relations to put Peru in the top of the supply business of International trade Import and Export.

Dear Leslie - Jen and all WWPC team

I believe a strong forwarders network is crucial to serve our customers in the best way. Since joining WWPC we (IFS TUNISIA) have come across various new opportunities and access to the new customer base, the WWPC members are very cooperative and aggressive which provides us a bench mark that our decision to join WWPC was awesome.

The Last AGM held in Punta Cana was a great success this was my 2nd one to one interaction with the WWPC members and I had the strong feeling that WWPC is a consolidated forum where we had tremendous opportunities to explore and possibility to makes new friends and partners.

The management team of WWPC is a combination of perfect professionals. Mrs. Leslie has a highly dedicated personality & very friendly along with Jennifer and the rest of the team, the AGM event was perfectly organized, we have had great fun and fruitful business exchanges. Congratulations for this successful event and looking forward enjoying the coming WWPC EVENTS

Joining a network is easy but adding value and being recognized as a strong partner is the real challenge. Keeping up with expectations from partners, building relationships rather than agencies and simultaneously making mutual benefits is the crux as we view it.

The convention held in Punta Cana, was the very first we attended under the umbrella of WWPC and needless to say the event was at par with international standards. The venue itself added the required flavours to meet and establish relationships which will help to stay connected for a long time to come.

The platform provides an excellent opportunity to share one's existing business and generate new leads. It feels very good to announce that we have been able to actively involve ourselves within the group and share business after the conference.

Would like to thank the WWPC team for putting up such a fantastic show and at the same time convey that they will have our full support for the conferences to come.

Cheers!!

I would like to thank Leslie, Jennifer and Ron for putting up once again, a successful and a most enjoyable Conference. I had never been to that part of the world before and I really enjoyed my time. But to be honest, what was more important and made it for me, was not the location but the people (members) who were there. Such a bunch of friendly, great people. This was an opportunity for me to catch up with friends and make some new ones. Being my second conference, this one was as successful for my business as the first one. Great opportunity to increase business with new partners. And already the enquiries are flowing.

I really think the WWPC is one of the best, if not the best Networking Network around. Due to its informality while keeping it professional. There is no pressure of strict agenda, just networking paradise style!! Who says we can't mix pleasure with business? There is no better way to give international exposure to one's business than being with and building a strong relationship with professionals from other countries. And this is exactly the opportunity that WWPC is giving us. So once again thank you for a great conference and I look forward to the next one.

Thank you Ma'am Leslie Taylor-McLaughlin and WWPC team to give everyone the chance to meet each other. Thank you everyone for your time, friendship and partnership. It was my honor to meet you. Joining the 27th Annual WWPC Worldwide Convention was my pleasure. I felt comfortable and valuable because WWPC created a different environment for its members comparing with any other associations I know.

Firstly, I am impressed that all meeting materials were prepared for each member in details, for instance, meeting note, clock, pen, member list, notebook, every single details, and especially, each delegate has their own table personalized. It made me feel very comfortable.

Secondly, everyone has more time for business conversation. With other associations, many marketing presentations that cost a lot of time.

With WWPC, every minute supported for face-to-face meeting conversation. Furthermore, dinner hour was also designed for those who wanted extra meetings.

Finally, it was fun and friendly. I realized friendship and partnership during the convention. This is really necessary to develop partnership for long run. Well done!

Transcon will see you again next convention. Thank you very much for your feedback and partnership!
